| 2021- IGFO- 00089 | | Pursuant to the Freedom of Information Act (FOIA), I hereby request the following: All records and information concerning Saudi government efforts to aid Saudi citizens charged with crimes in the United States evade justice, cover their legal fees, and arrange their travel back to Saudi Arabia. Extensive publicly available reporting has detailed the Saudi government's efforts to repatriate citizens charged with crimes in the United States. A series of articles by ProPublica and The Oregonian detailed more than 20 cases in which Saudi citizens have fled justice in the United States and Canada since 1988. State Department officials, according to these articles, stated that they have raised the issue with senior Saudi leadership. As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. Releasing information about this issue is in the public interest, as it promises to shed light on the U.SSaudi relationship, which has been the subject of intense national debate.
